RedSeal Management Dashboard

RedSeal is not defending the IPs listed in the Unmanaged by RedSeal widget. Export these from Asset Manager; import them to RedSeal to provide complete coverage.

Candidate IPs for upload to RedSeal ▼ Last Observed **①** Active 6 First Observed 6 Mac Address ☐ fe80::32f7:dff:fe50:d5aa true Infrastructure (Cisco) Lumeta-333 05/21/2019 04:02:55 PM 05/18/2020 08:00:31 PM ☐ fe80::200:caff:fe11:2233 Lumeta-333 03/08/2020 02:54:53 PM 05/18/2020 08:00:31 PM true ☐ 2601:44:1:b9c0:e9b3:feca:a161:75dc 03/08/2020 04:09:14 PM 05/18/2020 08:00:31 PM ☐ 2600:802:460:652::2 Lumeta-333 09/03/2019 11:33:07 AM 05/18/2020 08:00:31 PM 2600:802:460:652::1 10/14/2019 12:51:08 PM Lumeta-333 05/18/2020 08:00:31 PM true ☐ 2600:802:460:632:d03c:f4c5:a72c:7152 02/12/2020 06:52:58 PM 05/18/2020 08:00:31 PM

Asset Manager cannot "see" the IPs listed on the Unmanaged by Asset Manager widget. This indicates that your Scouts cannot "see" into the network on which they are located. Check your Scout deployment.

IPs Unmanaged by Lumeta

These IPs are getting the benefits of being managed by both Asset Manager and RedSeal.
